HPCOP publications are distributed free to interested groups and individuals. They contain information on improving academic skills, preparing and applying to health professional schools, and accessing financial aid programs. Thousands of requests for these publications are filled each year. Contractors distribute additional copies at HPCOP-sponsored programs and conferences.

Publications Available in 1997

Please check publications you want and neatly print your name, address, and phone number at the bottom of this page. Fold sheet into thirds with the HPCOP address showing, add stamp, tape edge and mail as is.
